

Professional Health Insurance Solutions for Trade Associations

Health Insurance Xpress is your Association's platform for growth.

Now you can offer your members a branded, professional health insurance solution that delivers the user the ability to shop for, compare, and purchase coverage from a wide variety of plans.

We have the tools *and* the customer service to make your members and their employees' shopping experience easy. Our associates are licensed, experienced and highly trained to offer expert advice.

Drive Membership and Revenue

- ✓ Did you know that access to health insurance is among the top reasons new members join associations? Your members are struggling with how to provide health insurance to their employees in today's ever changing environment.
- ✓ The ability to offer health insurance through your own, custom branded private health insurance exchange can help you meet your membership goals.
- ✓ Built in communication tools will help you retain members and increase ancillary opportunities through quarterly outgoing member campaigns, member services messages, and renewal reminders.
- ✓ Your association receives promotional allowances for offering this plan to your members.

We represent carriers on both the public exchanges and the off-exchange private market. That's how we can connect you with the **best medical insurance plans at the lowest cost**

Provide Better Coverage

- ✓ With 100% ACA compliant products, members can shop your exchange marketplace with confidence. They'll also have the opportunity to purchase multiple lines of supplemental and ancillary coverage.
- ✓ By offering a large portfolio of options, you can ensure that your members are able to get the coverage that they need through a single source. You won't find lower rates anywhere else. Your members never pay more for our expert services.

Support Your Members

- ✓ Your member marketplace is backed by a team of knowledgeable and friendly insurance experts who can give advice, answer questions about health care reform and other insurance issues via telephone, online chat and email.
- ✓ It's the kind of user-friendly experience today's business demands – and now you have the power to deliver it to your members.

We also offer a range of useful products like dental, vision and accident insurance.
