Dear Sirs,

Re: Independent Investigation on Data Integrity

I am a legal consultant working in Europe. Whilst my current experience is in immigration, I have previously provided consultancy to the United Kingdom central government on compliance with regulation, and have experience with Insurance rating systems and financial reconciliation systems.

I am autistic, which clearly aids in analysis of matters such as this.

Trial data

We examined the website using the following data

Anthem Silver Pathway X HMO 1300 HMO/Silver	Anthem Blue Cross and Blue Shield Anthem Silver Pathway X HMO 150 So6	Substantially different plan See drug costs as an example

This list is limited by space requirements and time investigating this matter. The issues do not seem limited to a single zip code or insurance provider.

Effect

The errors have a serious risk of providing Colorado state residents incorrect advice on the cost of health care, and undermining the public health benefits. The error rate is over 20%.

I wish to note that your “social media” team have been proactive and arranged a phone meeting to raise these matters to their attention.

I remain, Sirs, your humble and obedient servant,
