#### Company at a Glance

- Leading the charge to redefine the dental insurance industry.
- Simple, affordable, quality insurance designed with consumers in mind.
- Plans that focus on preventive care to help enrollees take charge of their dental health.

### Network Summary

Dentegra has 688 PPO dentists working in 356 dentist locations statewide, and nearly 30,000 dentists in about 20,000 locations across the United States.

## Unique Offerings and Programs

Created specifically to meet the needs of a consumer-oriented marketplace, Dentegra Insurance Company is committed to serving diverse populations through technology, innovation and collaboration. By providing expertise and leadership in dental benefits for the exchange marketplace, we close the dental insurance gap with products and services that help enrollees maintain a healthy smile.

Dentegra Dental PPO plans are all about:

- Affordability – Competitive premiums and real claims savings opportunities
- Quality – Coverage you need and a network of dentists you can trust
- Simplicity – Dental benefits that are easy to understand and use
