## **Policy Agenda Next Steps**

The Board adopted a set of *Policy Agenda Principles* on March 11, 2019 to guide the organization's legislative priorities. The next iteration of the policy agenda will build upon these principles, and focus on areas that require action be taken to change/update:

- Statute (federal or state)
- Regulation (federal or state)
- Agency policy (education, operations or business process)

## Today we would like to:

- 1) Identify key dates for policy agenda vetting, discussion and adoption
- 2) Discuss initial draft policy agenda and level set
