# Goals Outlined in HB 1004

HB 1004 outlines broad policy goals for a state option, including:

- Leveraging existing infrastructure
- Decreasing costs
- Increasing competition
- Improving access to high-quality, affordable, and efficient health coverage

# Discussion Questions

What are the key assets/strengths of the Exchange that Colorado can build on when developing and implementing a public option?

What should the role of the Exchange be in the public option discussions?
