

Connect for Health Assistance Network

Grant Application Review Process

Application Review Process

- Connect for Health Colorado received 74 applications April 19
 - Geographic representation from every region of the state
 - Good representation of targeted populations
 - Variety of organizations represented
- Internal staff review and analysis of applications, budgets, supporting documentation
- Independent review committee including outside stakeholders met for three days to evaluate applications
- Considerations
 - Meet basic selection criteria
 - Demonstrated trusted local resource
 - Demonstrate understanding of and ability to reach target population
 - Demonstrated ability to conduct education, outreach and application assistance
 - Geographic reach and available resources relative to need in area
 - Articulated strategy for completing proposed activities

Next steps

- Clarifications and modifications
 - We will be reaching out to some organizations for clarification of strategy
 - We will be seeking modifications of proposals to fit within our total program budget
- Targeting announcement of intended awardees for end of May
