

Board Action Items

Action Item	Responsible Party	Dte Assigned	Update/Reponse	Notes
Policy Committee to explore any policy changes that could help improve the churn rate.	Policy Committee	12/09/19	Expecting additional information from HCPF by June	
Staff to request CHI to remove as much data related to the COVID-19 enrollments as possible when completing the analysis.	Policy	04/13/20	CHI is using ACS and CHAS data from 2019, so it's difficult to capture economic impacts of COVID-19. Additionally, because APTC is prospectively calculated when customers, it's also not a good estimate of current economic impacts. We will re-evaluate the ability to use these data after the initial analysis is complete.	
HCPF Executive Director to ask the Colorado Physician Health Program (CPHP) to give a presentation on COVID-19 testing levels and the accuracy of tests, if requested by the Board.	Board/HCPF	05/11/20		
HCPF to continue to provide updates of potential surges and disenrollment forecasts for Medicaid to the Board.	HCPF	05/11/20		
Staff to research the number of people who came through the Marketplace ended up being Medicaid eligible, and if the hand off to HCPF was expeditious.	Marketing/AN	05/11/20	Staff continue to research this question and will report out soon.	
Staff to provide a break down of financially assisted and non-financially assisted customers and compare OE7 to OE6.	Marketing/AN	05/11/20	OE6 – 76% of customers received Financial Assistance, 24% were not Financially Assisted OE7 - 74% of customers received Financial Assistance, 26% were not Financially Assisted
