

# Partner Application Update FY23-24

Elizabeth Horng, Sr. Manager of Broker & Assister Operations

# Partner Application Process for FY23-24

**As no organizations will exceed the \$250k funding amount for board review, our objective is to provide the Board with transparency and awareness around the application process and selected partners.**

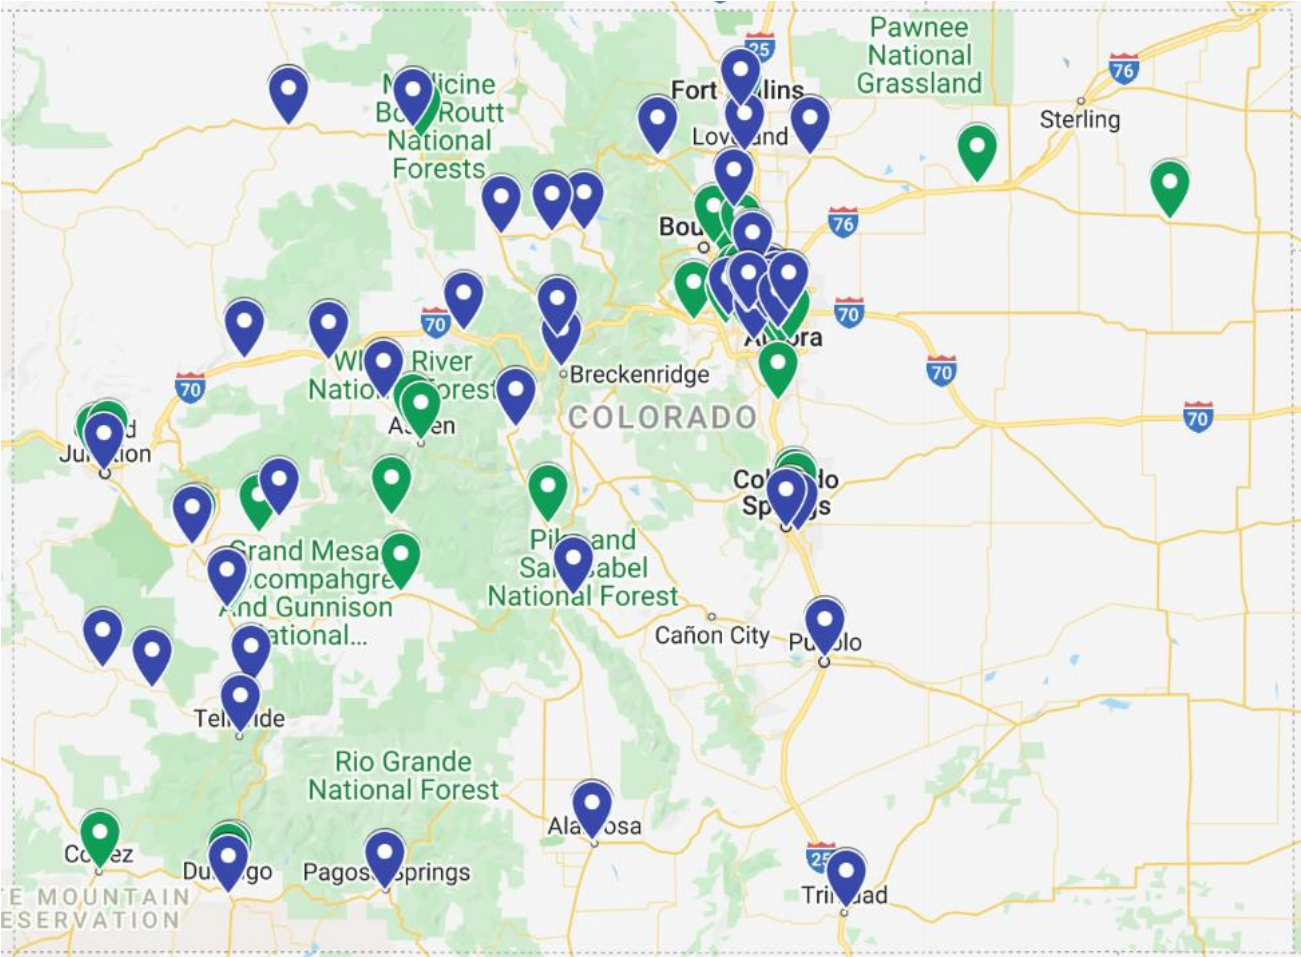

## Applicant Process

- Between Mar. 14 and Apr. 25, Connect for Health Colorado requested applications from certified partners to operate Assistance Sites, Certified Application Counselor locations and Enrollment Centers across the state.
- Applications were gathered through a system called SMAApply and awareness of the process was driven through:
  - Webinars
  - Partner Newsletters
  - C4HCO Website

## C4HCO Review Process

- Application reviews were based on selection criteria published in each respective partner application type.
- Partner reviews were conducted with feedback from interdepartmental colleagues across C4.
- Internal broker and assister teams incorporated feedback into negotiated award amounts, working towards budgets of:
  - \$2.5M in total for funded Assistance Sites
  - \$50k in total for Enrollment Center partners

# Mapping Assistance Site and Enrollment Center Locations

29 additional sites will be considered as Certified Application Counselors.

-  Blue: Assistance Sites
-  Green: Enrollment Centers

# We have selected 19 Assistance Site (Funded) Partners

<b>Aurora Community Connection</b>	Mountain Family Health Centers
Boulder County	North Colorado Health Alliance
Center for African American Health	San Juan Basin Public Health
Chaffee County Public Health	Senior Resource Development Agency
Benefits in Action	Servicios de la Raza
<b>Dayton Street Opportunity Center</b>	The Health Partnership
Doctors Care	<b>The Independence Center</b>
Family & Intercultural Resource Center	<b>Tri-County Health Department</b>
Health District of Northern Larimer County	Tri-County Health Network
Hilltop Community Resources, Inc.	

**Next steps will include finalizing any work plan modifications by Jun. 17 and generating contracts. Sites are aware that supplemental funding will become available through SB81 at a later date.**

Indicates new Assistance Sites for FY23-24
