COMPANY AT A GLANCE

- Providing dental benefits to individuals, families, and businesses for nearly 60 years.
- Quality dental plans with affordable rates, vast networks, and superior customer service.
- Claims paid within days — not weeks — and a live person is ready to help you when you call.

Network Summary:

Exchange products are PPO-only. Members must see a Delta Dental PPOSM provider. Our PPO network includes more than 2,200 PPO providers: general and pediatric dentists as well as other dental specialists.

UNIQUE OFFERINGS AND PROGRAMS

Delta Dental of Colorado has been providing the dental benefits for the Child Health Plan *Plus* (CHP+) program since 2002. Since that time, we’ve helped more than 300,000 children get access to dental care.

Delta Dental’s myDentalScore is an online risk-assessment tool that evaluates our members’ dental health. Members receive a personalized, easy-to-understand oral health report that tells them exactly where they stand for risk of tooth decay, gum disease, and oral cancer. They can share this report with their dentist.

We know that better oral health leads to better overall health. Our members can get dental health and wellness information at www.DeltaDentalCO.com.

→ IN THE COMMUNITY

Many children in Colorado suffer from painful tooth decay, but tooth decay is preventable. The Delta Dental of Colorado Foundation is working throughout the state to eliminate childhood tooth decay. Over the past ten years, Delta Dental of Colorado has given nearly \$49 million back to the community in the form of support for the foundation and other community benefit programs. As a part of that, the Delta Dental of Colorado Fund paid \$4.7 million to provide dental care to more than 7,000 low-income Coloradans.

80% of Delta Dental of Colorado's foundation and community benefit giving goes toward prevention and education, including programs that target low-income, high-risk families, and teach good dental habits.
