

November 14, 2022

To the Board of Directors  
Colorado Health Benefit Exchange d/b/a Connect for Health Colorado

We have audited the financial statements of Colorado Health Benefit Exchange d/b/a Connect for Health Colorado (the "Exchange") as of and for the year ended June 30, 2022 and have issued our report thereon dated November 14, 2022. Professional standards require that we provide you with the following information related to our audit.

**Our Responsibility Under U.S. Generally Accepted Auditing Standards**

As stated in our engagement letter dated May 10, 2022, our responsibility, as described by professional standards, is to express an opinion about whether the financial statements prepared by management with your oversight is fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit of the Schedule does not relieve you or management of your responsibilities. Our responsibility is to plan and perform the audit to obtain reasonable, but not absolute, assurance that the Schedule is free of material misstatement.

As part of our audit, we considered the internal control of the Exchange. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters.

Our audit of the Exchange's Schedule has also been conducted in accordance with *Government Auditing Standards*, issued by the Comptroller General of the United States. Under *Government Auditing Standards*, we are obligated to communicate certain matters that come to our attention related to our audit to those responsible for the governance of the Exchange, including compliance with certain provisions of laws, regulations, contracts, and grant agreements; certain instances of error or fraud; illegal acts applicable to government agencies; and significant deficiencies in internal control that we identify during our audit. Toward this end, we issued a separate letter dated November 14, 2022 regarding our consideration of the Exchange's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements.

**Planned Scope and Timing of the Audit**

We performed the audit according to the planned scope and timing previously communicated to you in our meeting about planning matters on May 10, 2022.

**Significant Audit Findings**

***Qualitative Aspects of Accounting Practices***

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by the Exchange are described in Note 2 to the Schedule.

As described in Note 2, the Exchange changed accounting policies as required by GASB Statement No. 87, *Lease Accounting*. Accordingly, the accounting change has been retrospectively applied to prior periods

presented as if the policy had always been used. The impact of adoption was to decrease previously reported net position as of June 30, 2020 by \$5,075.

We noted no transactions entered into by the Exchange during the year for which there is a lack of authoritative guidance or consensus.

We noted no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting it may differ significantly from those expected.

The most sensitive estimate affecting the financial statements was management's estimate of the OIG refund liability. Management's estimate of the OIG refund liability is based on assessments performed over OIG's recommendation related to amounts to be refunded to the federal government of \$473,000. We evaluated the key factors and assumptions used to calculate the refund owed as of year-end in determining that it is reasonable in relation to the financial statements taken as a whole.

The disclosures in the financial statements are neutral, consistent, and clear.

#### ***Difficulties Encountered in Performing the Audit***

We encountered no significant difficulties in performing and completing our audit.

#### ***Disagreements with Management***

For the purpose of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

#### ***Corrected and Uncorrected Misstatements***

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management.

We did not detect any misstatements as a result of audit procedures.

#### ***Significant Findings or Issues***

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, business conditions affecting the Exchange, and business plans and strategies that may affect the risks of material misstatement, with management each year prior to our retention as the Exchange's auditors. However, these discussions occurred in the normal course of our professional relationship, and our responses were not a condition of our retention.

#### ***Management Representations***

We have requested certain representations from management that are included in the management representation letter dated **November 14, 2022**.

#### ***Management Consultations with Other Independent Accountants***

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a second opinion on certain situations. If a consultation involves application of an accounting principle to the Exchange's financial statements or a determination of the type of auditor's

opinion that may be expressed on that statement, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts.

To our knowledge, there were no such consultations with other accountants.

This information is intended solely for the use of the Board of Directors and management of the Exchange and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

**Plante & Moran, PLLC**

Lisa Meacham
