

Assistance Network Funding Update - FY24

Ezra Watland, *Director of Marketing and Communications Strategy*

Contract Extension Process for FY24

As no organizations will exceed the \$250k funding amount for board review, our objective is to provide the Board with transparency and awareness around the application process and selected partners.

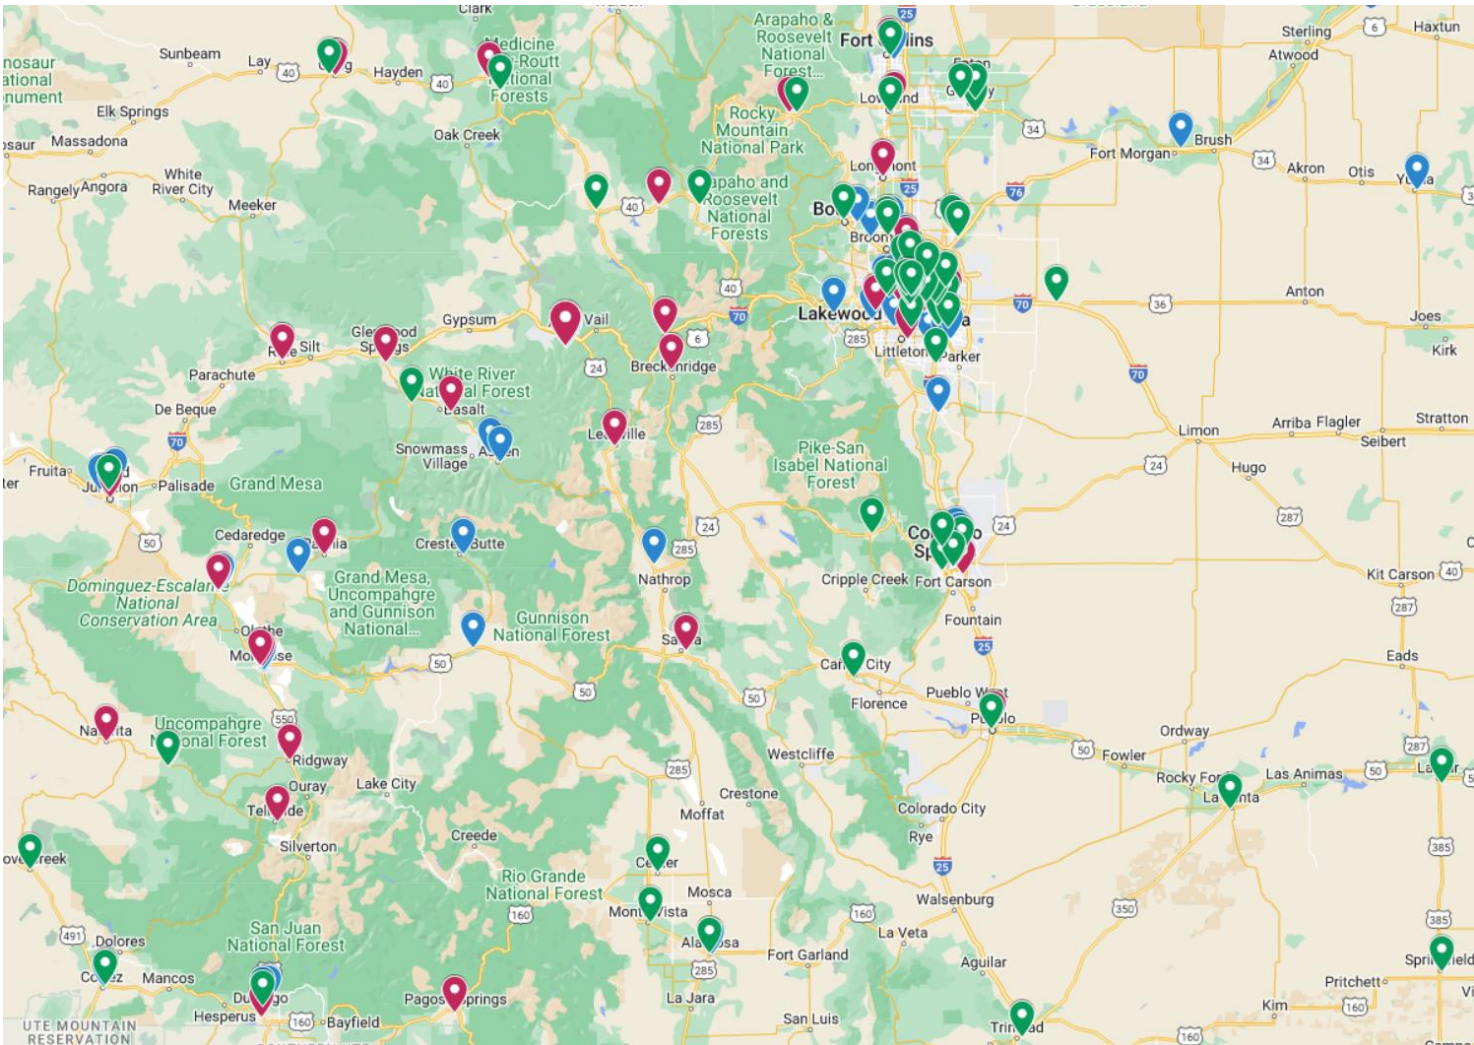

Applicant Process

- Between Mar. 10 and May 5, Connect for Health Colorado requested Contract Extension applications from certified partners to operate Assistance Sites, Certified Application Counselor locations and Enrollment Centers across the state
- Contract extensions were gathered through a system called SMAApply where applicants were able to self serve to update their FY24 work plans, goals, and budgets

C4HCO Review Process

- Application reviews were based on selection criteria published in each respective partner application type as well as consideration of past partnership and deliverables
- Internal Assistance Network staff reviewed extension work plans and negotiated award amounts, working towards budgets of:
 - \$2.75M in total for funded Assistance Sites
 - \$50k in total for Enrollment Center partners

Mapping Assistance Sites, CAC Locations, & Enrollment Centers

181 total FY24 Assistance Network Locations

-  Red: Assistance Sites
-  Green: CAC Locations
-  Blue: Enrollment Centers

We have selected 18 Funded Partners for Contract Extensions for FY24:

Adams County	Hilltop Community Resources, Inc.
Aurora Community Connection	Mountain Family Health Centers
Boulder County	North Colorado Health Alliance
Center for African American Health	San Juan Basin Public Health
Chaffee County Public Health	Senior Resource Development Agency
Benefits in Action	Servicios de La Raza
Doctors Care	The Health Partnership
Family & Intercultural Resource Center	The Independence Center
Health District of Northern Larimer County	Tri-County Health Network

Next steps will include finalizing contracts with our funded locations for FY24

SB81 Supplemental Funding for FY24

Applicant Process

- Between Apr. 13 and May 5, Connect for Health Colorado requested Supplemental Funding applications from current certified partners to design and implement campaigns to reach and educate customers on how to attain and retain their health coverage based on their needs and financial circumstances
- Planned activity goals must include any/all of the following: reducing the number of uninsured, improving health insurance literacy, assisting people who may lose their coverage or need to transition to new coverage
- Applications were also gathered through SMAApply

C4HCO Review Process

- Application reviews were based on strength of planned work activities, attainability of intended goals, as well as consideration of past partnership and deliverables
- Internal Assistance Network staff reviewed supplemental funding work plans and negotiated award amounts, working towards the budget of:
 - \$425k in SB81 funding

We have selected 13 Current Partners for Supplemental Funding for FY24:

Adams County	North Colorado Health Alliance
Aurora Community Connection	Senior Resource Development Agency
Boulder County	Tepeyac Community Health Center
Benefits in Action	The Health Partnership
Doctors Care	Tri-County Health Network
Family & Intercultural Resource Center	Vuela for Health
Hilltop Community Resources, Inc.	

Next steps will include finalizing contracts for SB81 funding for FY24
