

To the C4HCO Board

Could Commissioner of Insurance please explain where exactly these \$245 Millions end up?

Biden Administration Recognizes Colorado's First in the Nation Health Cost Savings Program and Awards \$245 Million to State

How much of these \$245 Millions of taxpayers' dollars are to subsidize healthcare costs of those who don't file their taxes, who underreport taxable earnings and/or who wire their dollars made from unauthorized employment outside of the state?

Thank you,

Daniela Gosselova
